ROBERT B. PATTERSON, President.
JOEL W. CONDIT, Vice President.
DAVID C. MILLER, Secretary.

Such times as the present should cause every prudent man, with a family dependant upon him, to ponder what the condition of those left behind should he be suddenly taken away by death. All can now fully notice the uncertainty and instability of fortunes made in business. The merchant of yesterday is to-day the bankrupt debtor. To guard against such reverses of fortune, many his life for the benefit of his family, which insurance cannot be disturbed by creditors. The Mutual Benefit Life Insurance Company offers security, and advantages not surpassed by any institution in the country—its assets consisting in first bonds and mortgages on unincumbered real estate worth more than double the amount loaned. One half of the Premium on Life Policies may be paid by note bearing 6 per cent. interest. Dividends are declared annually to those policyholders who have paid two Life premiums—there are no stockholders to take any of the profits which rightfully belong to those who are insured for life. Pamphlets, statements and applications will be furnished (without charge) and all information cheerfully will be given by the undersigned Agent.

N. B. Persons residing in any portion of the country, desirous of insuring their lives, will be furnished with all the necessary papers and will receive instructions to enable them to make application by addressing the undersigned.

PIANOS,

For sale at the

Lowest Prices!

Feb. 19, 1858.

HIGHLY IMPORTANT DISCOVERY.

Poisel's Fabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr. A. A. Hayes, the State Assayer, all give convincing proofs of

THE UNRIVALLED VIRTUES

And Unqualified Superiority

of this preparation to any other remedy now extant, and are constantly contributing to give it a wider and more enviable reputation. From its vegetable nature, it affords vapors freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the worthlessness with which worthless and injurious compounds have been imposed upon the public, will tend to the disadvantage from availing themselves of the benefits of this prescription; the agent, however, assures the public in all sincerity, that this medicine is not only *perfectly safe, and free from all other deleterious ingredients*, but guarantees that it will effect all that he represents it, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using One to Six Bottles;
Bronchitis by using One to Three Bottles;
Coughs by using less than One Bottle;
Colds by using it Two to six Days;
Bleeding of the Lungs by using less than One Bottle;
Hoarseness by using less than One Bottle;
Soreness of the Chest by using less than One Bottle;

Price $3 per bottle, accompanied by a Treatise. For sale by

P. J. LAFORME, Sole Agent,
No. 5 MILK street,
Boston, Mass.

And by all respectable Druggists and Apothecaries in the United States and British Provinces. nov25'57 dly

Freights for Vessels

OBTAINED

On Commission,

By SETH E. BENSON,

Commission Merchant,

No. 1 City Point Block.

CAPTAINS visiting this city for employment will find at my office a list of all Vessels ready in the market, corrected daily, and will be charged a commission on the freight, if they are introduced to owners. Shippers of Lumber, or any other articles of Merchandize, will confer a favor if they will call and make their wants known, and every facility will be afforded them, free of charge. A list of the vessels in the market will be kept, stating their capacity, &c. Captains of vessels are respectfully invited to call and enter their vessels on the list, and if they do not receive any benefit I will ask them no pay.

For Lumber of all kinds for sailors commission. Orders for Dimensions, of all kinds, filled at short notice and on as favorable terms as by any dealer in the market.

SETH E. BENSON.

April 26th

THE CRYSTAL OIL LAMP,

For Burning the Crystal Oil,

Combining Economy and Safety!

PATENT RIGHTS

FOR STATES & COUNTIES FOR SALE!

This important invention for producing the *cheapest* light in the world, is now perfected and offered to the public. Numberless other attempts have been made to produce a cheap light, but were attended with such inherent objections as to destroy their utility and adoption. But the Crystal Oil Lamp, which it has been the *cheapest*, is both safe and agreeable in every position, making a *clear, white and brilliant flame*, entirely free from smoke or odor. There is no danger from explosion, as it is *perfectly safe* under all circumstances. The oil can be used in any lamp without fear of soiling the nicest garments. The lamps are *simply* arranged and perfectly constructed by the children and themselves, and so constructed that the light can be varied from a moment from that of one to eighteen or twenty ordinary lamps. Will burn free from the disagreeable smell arising from the Kerosene, and the danger attending the use of burning fluid, it is found upon scientific comparison to produce

As much LIGHT for ONE CENT as Kerosene will for Three Cents, or Burning Fluid will for Six Cents.

Thus saving five-sixths of the entire amount now expended, or the price of the lamp for about a month. They are adapted to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this is up for the different States and Counties throughout the Union, with the exclusive sale of the Crystal Oil; is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to their purchasers of rights in any style, at such a rate as will yield an almost incredible profit. These rights will be disposed of immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Co., No. 6 Merchants Row, will be promptly attended to.

Crystal Oil Lamp Company, No. 6 Merchants Row, Boston.

May 4, 1858—2md sat

Grocers Bank.

THE undersigned having been appointed Receivers of the Grocers Bank, of the city of Bangor, by the Hon. Jonas Cutting, one of the Justices of the Supreme Judicial Court, and having been duly qualified as such, hereby give public notice that eight months from the date hereof will be allowed to the creditors, and all persons interested to present their claims for allowance, and that the Banking Room of said Bank will be open for that purpose every day (Sundays excepted) from 10 to 12 o'clock, until notice of a change shall be advertised. HATCH MACOMBER,

ARNO WISWELL.

Ellsworth, Dec. 3, 1857 3tawtJ1

NOTICE.

THE Public are hereby cautioned against Kerl *Drawing* in the streets in this city. The lives of people are in danger every day from fast driving in the streets. I shall take notice of every violation of the law and ordinance of the City, in this respect, which shall come to my knowledge, and will punish every offender to the extent of the law. I trust that this caution will put a stop to this pernicious and dangerous practice in our streets. Several cases of injury to citizens have occurred within a few days.

All of which will be offered to the Trade at PRICES corresponding to the TIMES.

HOPE! HEALTH! HAPPINESS!

Of what value is Gold compared to Health?

Gold is indeed valueless, unless health be had to enjoy it! How many thousands, if they but knew it, would find in DR. TILTON'S dispensary, would yield their hoarded treasure. Some bottles of his DANDELION LONG BALSAM! Can it has remedy not discovered, there was no relief for Consumption! It combines all the virtues and healing properties of all vegetables in the thousands of drugs which are used by physicians, and is the only one that does not injure the system, because it does not contain the least particle of mineral poison. It is a powerful and positive curative. It is a perfect alterative. It stimulates the body and does not reach. It builds up the system at the same time it expels disease. It is a simple decoction of roots, herbs and barks. It is a sure remedy for Consumption, Liver Complaint, Dyspepsia, Kidney Complaint, Female Weakness, Rheumatism, Erysipelas, Scrofula, Piles, Fever and Ague, Headache, Water Brash, or any derangement of the digestive organs. No remedy has ever been offered to the sufferer whose power to remove chronic disease has been so remarkable, or which has the testimony of so many distinguished persons as to its value.

And Meals as they may be ordered, in the spacious Refectory.

There is a Barber's Shop, with Baths, in connection therewith. This popular Hotel is for the present under the city of Mercantile interests, and the principal places of amusement, and offers every inducement to those who transact business in and around the city.

Those going to California or Europe will be furnished with all the information they may desire, and also be protected from imposition in the purchase of passage tickets.

R. FRENCH, Proprietor.

N. B.—Beware of Runners who say we are full, as many are interested in saying so.

OXYGENATED BITTERS.

These Bitters, as the certificates of Members of Congress, clergymen, lawyers and other distinguished and eminent men have testified, is the only real specific ever discovered for the speedy, effectual and permanent cure of DYSPEPSIA under whatever form it may appear. It is not stimulating but tonic. It at once assimilates the digestion, no matter of how long standing. For debility, indigestion, costiveness, Loss of Appetite, Asthma, Fever and Ague, Heartburn, Water Brash, or any derangement of the digestive organs, no remedy has ever been offered to the sufferer whose power to remove chronic disease has been so remarkable, or which has the testimony of so many distinguished persons as to its value.

S. W. FOWLE & CO.,

STATE OF MAINE.

EXECUTIVE DEPARTMENT
Augusta, May 20 1858

An adjourned session of the Executive Council will be held at the Council Chamber, in Augusta, on TUESDAY, *the twenty second day of June next* Attest

NOAH SMITH, Jr
Secretary of State

Votes! Votes!!

It is hoped all who feel an interest in getting out a full vote on the 7th of June, will not fail to obtain an abundant supply of ballots in season Let every town be well supplied

Canadian "Reciprocity."

The State of Maine regrets to hear us express sentiments unfavorable to the Reciprocity Treaty We believe such sentiments are generally entertained by business men in the community at large of the State at least, and would be entertained because the Reciprocity Treaty is thought on the whole to be a good bargain for us We know the stimulus given to commercial operations with Canada, by that treaty, has largely benefitted the whole of Maine—as being the Atlantic terminus and shipping port for the Grand Trunk Railway, and of course this increased commerce has benefitted other parts of the State indirectly to some extent but not we think to the extent to which our lumber, fishing and agricultural interests have felt the competition arising from the free introduction of Canadian and provincial productions While Portland feels prosperously she will be still of the great and increasing commerce with Canada, nearly every settlement upon either of our principal rivers or streams (in the middle and eastern parts of the State at least) feels the competition now opened to Canadian and provincial labor —our laboring men lose their protection against provincial labor, and our farmers meet increasing quantities of Canadian and provincial produce in the markets not only of Maine but of Boston and New York where the spare produce of Maine is sold

The figures show also that the British Provinces as a whole have the best of this new Reciprocity treaty Previous to the treaty arrangement we believe the balance of trade was uniformly in our favor, while since that time the balance has been drawing against us The treaty was ratified in the latter part of 1854 The trade between the U S and Canada for the year ending June 30, 1854, was as follows

Exports to Canada	$10 610 373
Imports from Canada	6 721 539

In 1857 after the Reciprocity arrangement had been in operation less than three years, the trade was as follows

Exports to Canada	$ 3 024 708
Imports from Canada	48,291 934

In 1854, the balance was $3 748 834 *in our favor* In 1857 the balance was $5 267,127 *against us* Total difference against us on the balance sheet between the two years, $9,055,-960

In the trade with the other Provinces for the same years there is a small gain in our favor—about $600 000 —but on the whole the balance of gain is heavily against us

If we compare 1853 with 1857 we find the balance in the first named year about $1,275,-000 against us in the trade with Canada, while in 1857 the balance was $5 267,127 against us. Difference against us between the two years about $4 000 000

We have not at hand the reports between 1849 and 1853, but in 1849 we find the Canadian trade shows a balance of nearly $900,-000 in our favor In 1857, as we have seen, the balance was over $5 000 000 against us. In the other provinces the balance is thus far in our favor, but not nearly enough to compensate the loss with Canada.

It seems evident from the late returns, therefore, that the Reciprocity arrangement is, to say the least, more profitable to Canada than to the United States and that the balance in her favor is in fact growing larger year by year

We believe also, that in addition to this unfavorable balance against the whole country, the trade as it affects *Maine* is especially prejudicial —inasmuch as the imports of the Provinces come to a large amount directly in competition with our productions—while the exports to the Provinces are not very largely of our State production—even the flour, wheat, pork, ham and lard, which form large items in these exports, being not the production of Maine but of the western States

The great increase in our trade with Canada since the Reciprocity arrangement, is relied upon as evidence of the beneficent effects of the treaty, but we can only say that increased trade is not always increased profit We have no doubt of the benefit which these increased transactions brings to the commercial interest in the localities where the trade is made or through which it passes, but we doubt whether the country or the State is much better off for increasing its ex es while its purchases are more largely increased

RHODE ISLAND UNITED STATES SENATOR —Ex Governor Anthony, the talented editor of the Providence Journal, has been elected to the United States Senate, in place of Mr Allen, (Democrat) whose term expires on the 4th of March next. The people of Rhode Island may well congratulate themselves upon being represented in the United States Senate by a gentleman of such acknowledged industry and ability as Mr Anthony who will fairly reflect the sentiment of the State

CHRISTIAN DENOMINATION This society has been in existence about fifty years There are at the present time about 200 000 communicants and 1800 ministers in the United States In New England there are 275 churches and 230 ministers, in Massachusetts, 162 churches, and about an equal number of ministers —The two largest Christian societies in New England are one at Portsmouth under the charge of Rev Mr Holmes which numbers 449 communicants and a Sabbath School of 140, and Newburyport society, under the charge of Rev Mr Pike which numbers 470 communicants and a Sabbath School of 160 The denomination is anti Trinitarian We take these facts from an exchange

A letter from Montreal says "From all parts of Canada we hear nothing but the same unvaried story of hard times, dull trade, and scarcity of money No harder winter, we suppose, has been passed through in this country and there is but little, if any improvement yet Mr Buchanan of Hamilton, has declared in Parliament that there are five hundred thousand persons in Canada without employment and without money

LANDMARKS SEEKEN IN THE CITY OF NEW YORK —At the recent meeting of the New York Historical Society, Dr Bacon read a paper on the languages spoken in that city, giving an interesting account of each, showing its origin and character Eighty languages, he stated are used in business and social intercourse among the inhabitants, being a greater number than is spoken in any other city in the world

Hon Benj Wiggin, of this city, is reported to have received the appointment of Commissioner under the Fishery Treaty between the U S and Great Britain, in place of Gen G G Cushman

By a new law on literary property, just promulgated in Denmark, the copyright of a work belongs to an author for life, and for 30 years after his death

The departure of Hon Charles Sumner for Europe was on the anniversary of the brutal attack upon him in the Senate

ANOTHER LETTER BY CONGRESSMAN FOLEY The Indianapolis Journal gives another letter of Foley's, written no longer ago than last spring, to the editor of the Rising Sun Visitor —

GREENSBURG April 18, 57

Dear Sir you will please find two dollars enclosed for the payment of the Visitor you have been kind enough to send me your paper for the last nine months—and we are told from the best authority that the labor is worthy the honor—I must say yours is a good county paper so fair as General News is concerned—as to the political part of the paper—according to my opinion will fall short to some extent the great principals taught by our forefathers but you are yet young and I hope you will improve Yours truly

JAMES B FOLEY

In regard to the Cincinnati Gazette letter, heretofore published in the Sun, Mr Foley, according to a Washington correspondent of the Evening Post "owns up thus

"He says the theory and practice of those gentlemen in regard to spelling, and the construction of language, has been allowed to go unrebuked long enough He thinks it is time that somebody was "set loose again um to set the public right" He says it may be all very well to laugh at his letter, but it won't do no good for he declares that if he can be sure of all the votes of those of his constituents who can't spell and write any better than he can, he will be re elected by an overwhelming majority I think he has rather got em there Mr Foley wants it distinctly understood that he is not ashamed to meet his constituents on that letter

SUBMARINE TELEGRAPH It is reported that the Atlantic Telegraph Company have made application to the Secretary of the Navy for the use of another Government ship to assist laying the Atlantic cable A Havana paper publishes the order of the Captain General, authorizing the Submarine Electric Telegraph Company to lay a submarine cable to Key West and thence by telegraph through Florida, to unite the wires with the telegraphs leading to all parts of the United States

DISCOVERY BY THE COAST SURVEY —The central office has just received intelligence of a new channel leading into St George's Sound and Apalachicola bay, in Florida, with four feet more water on the bar than at the entrance commonly used It is close under the eastern end of Dog Island

A Hartford gentleman learning by telegraph that his mother was dangerously sick in Schenectady drove his horses to Springfield—26 miles—in two hours and ten minutes, only to find himself there minutes too late for the Albany train.

Thomas B Sanford vs Theophilus Cushing et al Quarter costs only allowed This was an action for malicious prosecution brought against the complainants in one of the processes which grew out out of the "Steamer Boston riot The defts were defaulted for one dollar damages some two years ago, and the question of costs was submitted to the full Court The decision gives the Plff quarter costs

Rowe & Bartlett. Paine

BAPTISMS —12 persons were baptized by Rev Mr Porter at the Columbus St Baptist church on Sunday last, and 11 at the same place two weeks since,—fruits of the present religious revival

Union morning prayer meetings are still continued at the Free Church Columbia St, from 8 to ½ before 9 o clock, and the Business Men's meeting at 4 o clock P M at the same place The work of revival in the city is still progressing, and cases of conversion are frequently occurring

EARLY CUCUMBERS —The first cucumbers of the season, raised in the garden of Mr Simon J Murphy on State street, in this city, by Francis Casey, were brought into our office yesterday afternoon They were very fine, and superior to any that have been brought from the Boston market this year The longest one measured eleven inches

JOHNSON'S PATENT HOG TROUGH —We have seen at the store of F Muzzy & Co, of this city, an article which is certainly among the noticeable inventions of the day—for it proposes to accomplish as one of its objects, what has heretofore been considered an impossibility, viz to produce habits of neatness in a pig and to make him behave decently in his feeding

The *Maine Farmer* has described the article well, and we adopt its commendation as follows

Johnson's patent cast iron hog trough, if it is not wicked to apply the term *beautiful* to a hog's trough is certainly a very *beautiful* contrivance

A good idea may be given of it by saying if you take an egg shell and cut it in two lengths so you will have two oval dishes —Then take one of these dishes, cut it in two across the shortest diameter, and take one of the parts and placing it on to the other, you have a cover ing for one end, the other being left open Hang this cover by a pivot to each corner in dway of the lower dish and you can turn it over and back, and thus have a cover, first for one end and then for the other This makes the improved trough Put this into the side of the pig sty so that you have one end on the inside and one on the outside When you wish to feed the hog, turn the top so as to cover the inside end, and the hog cannot get his snout into the trough at all while you have a chance on the outside, to pour in the swill at your leisure Having done this, turn the top back You thus cover the dirty side end, and open the inside, so that pig can dip his nose in and help himself In this way, you perceive there is no chance for his getting into the trough, nor knocking the swill over, or capsizing the trough, but every thing can be conducted in decency and order —We think this is also a good dish to feed calves in, or to put in the sides of a crib to feed grain to horses in, or sides of a roost to feed poultry in

These troughs are now manufactured by Messrs Muzzy & Co, of this city See advertisement

MAINE MEDICAL ASSOCIATION —The annual meeting of the Maine Medical Association will be held at Deering Hall, Portland, on Wednesday next Doct Gilman Davels, of Portland will deliver an Address before the Society

LOG MOTIVE LOST —The schooner Juniata, Capt Kenney, which sailed from this port on Sunday for Halifax, had on board a splendid locomotive, built by the Portland Company for the Nova Scotia Railway On Tuesday the locomotive was lost overboard, but the tender valued at $1000, was saved The locomotive was insured for $9000 in the Ocean office in this city —*Argus*

A number of boys from the State Reform School, at the kind invitation of Rev Mr Huntkin, attended the concert at Deering Hall on Thursday evening

Yesterday the boys from the Angel Guardian, visited the Institution at Cape Elizabeth. During their stay all the household were gathered in the Chapel where they performed a variety of music, to the great delight of their youthful audience —*Advertiser 28th*

Rev Mr Atkins, a minister of the Methodist church, died in Saco on Thursday morning

A gentleman at Bolivar, Tenn last week, saw a manuscript article floating down the Mississippi near his plantation, resembling a miniature Noah's ark with the hull knocked off Curiosity led him to board it, when he was astonished to find himself in the store of a friend residing fifty miles up the river—the building having been brought down by the freshet. The contents were not greatly injured He tied the store to a stake, and started off to let his trading friend know where he might find his piece of business.

AN IMPORTANT DECISION. The Supreme Judicial Court, now in law session in this city, has decided [illegible] Locating Land Warrants to [illegible] property, had not real estate, [illegible] the third [illegible]

AN OUTSIDE VIEW OF MAINE In my rambles for the last few years through the various States of the Union, I have often been struck with the fact that the advantages of Maine, both natural and acquired, are more fully appreciated by the well informed inhabitants of distant States, than by the people of Maine themselves Often have I been catechised by some shrewd business man of the west or South, much as follows "Why, has not Maine a vast extent of fine grazing country? Yes "Has she not an abundance of fertile tillage yet unoccupied, and another abundance but half cultivated? Yes "Is she not one of the best fruit growing States in the Union? Yes "Has she not scattered all over the State an abundance of water power available for manufacturing purposes, which, if improved, would open new markets at the very doors of the farmers? Yes "Has she not immense mineral treasures cropping out all over her surface, inviting capital and enterprise to reap a rich harvest? Yes "Has she not churches, schools, society, roads, bridges, railroads, steamboats and all the apparatus of civilization and progress Yes "Has she not a population which, for morality, intelligence enterprise, and everything that goes to constitute 'Young America' cannot be surpassed? Yes "Then why in the name of common sense does not that population stay at home and improve these many advantages! What could I say to this? Was there any good reason? If there was, or is, I was ignorant of it, and am so still

For several years the mental vision of the young men and maidens, of Maine has been very peculiarly affected Microscopic when viewing the inconveniences of home it at once becomes telescopic when viewing the advantage of distant localities The beauties of a log cabin, (which at home would not be thought fit for a hog pen) amist in the mud, and with the ague so thick all around that one could cut it with a knife are perfectly enticing, while the inconveniences of a neat, well built, warm farm house, with its carpets, pictures and cozy arrangements its school within half a mile, and its church within a mile, are utterly unbearable Or, with the young man to labor out in the healthy giving air, upon his father's farm for a part of the hours of day light with the whole of his evening for mental improvement, and at all times the consciousness dependent feeling of being his own master, it is entirely insufferable, though it nurses him physical, mental and moral vigor and an honorable competence But to travel fifteen hours a day behind the counter of some city shirt, the mind constantly on the stretch to invent a new lie to entrap the unwary into a trade, and the conscience perpetually being seared by sins within and without —this is so inviting a prospect that the giving of a few years of the golden period of youth weighs as nothing in the balance "Tis pity 'tis true

But a change is beginning to come over the spirits of the dreams of the young people of Maine, and that is an encouraging sign for the future of the State Many who have left have found that "all is not good that glitters, and will find their way back to their native State, and many more would if they could Let those at home take warning by the experience of others and let them stay at home and develope the sources of wealth and progress so profusely poured out all around them and the future of Maine will be surpassed by the future of no State in the Union Such, at least, is the opinion gained by both an outside and an outside view —*Philadelphia Cor of Maine Farmer*

On Tuesday night, May 18 the city of Muscatine Iowa was the scene of a conflagration, and of a daring attempt at murder the victim of which was J P Brown, a merchant of high standing recently from Salem Mass who had a store with about $8000 worth of goods —He had attended church in the evening, and returning to his dwelling house at half past 10 o clock found a dog, which he had locked up in his store at the house However at once to the store, but had no sooner got within the door than he was knocked down by a severe blow on the head. Two desperadoes then seized him tied his hands and feet, thrust a handkerchief into his mouth laid him down, collected all the valuable articles they could find, they then departed, after having set fire to the store, leaving Mr Brown in the building unable either to escape or give an alarm Fortunately the fire was discovered by accident, and he was rescued from his perilous situation in an insensible condition The store with its contents together with the adjoining building, was to ally consumed Mr Brown continued in a delirious state having had lucid intervals in which he communicated the above facts The wound produced by the blow on the head is severe and it is feared are entertained that it will prove fatal

The administration is trying to "honey fugle" Senator Douglas The Washington Union which a few weeks ago called him a 'miserable renegade' and 'traitor,' now speaks of him as the 'honorable senator from Illinois and the 'distinguished senator from Illinois It recommends the Democracy of Illinois to abide the decision of Democratic conventions, which, taking into consideration the fact that the friends of Douglas are in the ascendency in that State, is equivalent to sustaining him —*Boston Journal*

A WEEKLY LINE OF AMERICAN STEAMERS FOR EUROPE Mr Vanderbilt has determined to run a weekly European line of steamships at his sole expense and ask patronage from New York, Southampton, Havre and Bremen He now advertises the regular days of sailing of his fine steamers Vanderbilt, North Star Ariel and Northern Light, and is rapidly driving to completion his magnificent and new steamer Queen of the Ocean, to take a place in the same line

A genius in New York named Hatfield, known as the 'chief mourner,' who has been in the habit of attending funerals, mingling with watery eyes and a white pocket handkerchief, among the mourners and picking their pockets as they stood about the coffin, has been arrested by the police

The New York Tribune states that Rev Dr. Bellows of that city and Prof Felton of Cambridge are the most prominent candidates for the presidency of Harvard, soon to be vacated by Dr Walker

The Washington Republic thinks, that the Utah war is not a war upon polygamy, so much as a war upon *the treasury*.

JOHNSON'S PATENT
IMPROVED HOG TROUGH.

This Invention has received the most universal commendation wherever exhibited and that no article has been more needed—or none invented that more fully meets the views of the intercated In short it is an article that *everybody* that keeps a hog wants and will have because it is the most convenient, Economical, Neat and Durable one I have ever seen It is the most economical as it *prevents all Waste of Food and has a Cover* so arranged that once up it is a permanent fixture not liable to get out of order because you can feed without coming in contact with the hog or fill of the trough away at pleasure and remove the feed, if necessary as clean as when put in the trough

Safety, Utility and Beauty.
New England Trace Coupling Company.
STATE RIGHTS FOR SALE

WE are now exhibiting this desirable invention to the public The Patent Trace Coupling is an article which needs only to be seen to be appreciated and universally adopted By this Coupling the Trace is attached to the whiffletree *instantaneously, we should say the hands cannot* be disconnected by *accident* is stronger and more *durable than any other* attachment now in use, and makes what is so dreadful in a fine carriage an *exceedingly fine finish*

The Couplings are manufactured of different materials from the common iron to the *finest silver plate* and can be supplied at a *little or cost* than any thing that is now used for that purpose leaving a margin for an *immense profit* Any person with a moderate capital can soon realize a fortune in its sale

We are prepared to furnish the Couplings of the different grades and costs in quantities as desired to those only who purchase State rights

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained and all communications must be addressed to THE NEW ENGLAND TRACE COUPLING COMPANY *Basement No 3 Old State House Boston*

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER.

CONGRESSIONAL.

WASHINGTON, 31st.

SENATE. A resolution providing for an evening session was adopted.

Mr Houston of Texas made an ineffectual attempt to have the Mexican Protectorate resolution taken up.

The resolution on the subject of British aggressions was considered.

Mr Toombs of Ga. repeated his remark of Saturday, that he wanted the British ships taken. The resolutions are not worth the paper they are written on.

Mr Hammond of S. C. disagreed with the Senator from Georgia. He was not willing to be smuggled into war by an amendment to an amendment. If the British acts are belligerent, let us throw, with all due solemnity, the bloody spear. If we must have war, let us declare war after dignified consideration. Let us avail ourselves of the chance afforded by these resolutions to avoid until it be forced on us, an event which, whenever it occurs, will change the face of human affairs.

Mr Crittenden also spoke in a conservative tone, invoking the Senate to do nothing rashly, but to proceed with firm, determined, but cautious steps. Let England be informed that we require reparation, and if it be refused, we have then a right to stand on our own ground. He agreed with Mr Toombs, that we cannot assent to discuss the right of visitation or search. It would be unworthy of this government to enter into any discussion on that subject. We have to deal with acts only, and require England to disavow them or forbear.

Mr Wilson, having reconsidered his amendment, said it was not in order, inasmuch as it proposed to confer power on the President by the veto of one house only. He therefore withdrew it, but hoped that orders had been given to sink or capture the offending ships.

Mr Mallory of Fla then moved a joint resolution that the president be authorized to arrest the outrages at once.

The miscellaneous appropriation bills here came up, the items of which were discussed until six o'clock, when without action on it the Senate adjourned.

HOUSE.—On motion of Mr Marshall of Ky, the memorial of the Artists of the United States praying for the establishment of an Art Commission, was referred to a select committee.

On motion of Mr Ritchie of Pa, the House took up the Senate joint resolution for the adjustment of the difficulties with Paraguay.—He said the importance of the subject required that it should be disposed of one way or the other. The proposition has the unanimous recommendation of the committee on foreign affairs.

Mr Letcher of Va moved to strike out so much of the resolution as authorizes the president to use such moral force as in his judgment he deemed necessary.

Mr Ritchie replied that the resolution would be worthless with such an amendment, and they had better give up the subject altogether.

Mr Crawford of Ga wished to offer an amendment authorizing the president to use such forces as in his judgment he deemed necessary and advisable to protect American commerce in the gulf from British cruisers.

Mr Ritchie objected that it was not germain to the pending question, as the attack on the Water Witch occurred in 1855.

Mr Letcher's objection was that the constitution gave the power to congress to declare war, and it could not be transferred to the president. If there was a necessity for war, it was for congress to take the responsibility, and furnish means for its successful prosecution. He acknowledged that wrong had been done by Paraguay, but was for proceeding in a constitutional manner for the adjustment of the difficulties.

Mr Ritchie replied that what the president would do would be by the authority of congress. It was that the exhibition of a few small vessels would have the effect to cause the settlement of the difficulties, and that there would be no occasion to use force, which would not be done except in case of necessity.

Mr Crawford of Ga wished to know why we should only seek for redress from Paraguay for firing on the Water Witch, while there were twenty-seven cases of American vessels overhauled by British cruisers.

Mr Davis of Miss said they were declaring war against Paraguay, but making no preparation for men or money.

A voice—We will do that hereafter.

The resolution was then passed by 116 to 70.

The House went into committee on the supplemented Indian Appropriation Bill, which was subsequently passed.

Mr Smith of Va. made a speech in defense of his former position on the Kansas position, in connection with the course of the democratic portion of the Ill. delegation, complaining that Mr Marshall had perverted his remarks.

Mr Marshall of Ill. disavowed any personal feeling on the occasion to which allusion was made, and reiterated his defense of Mr Douglas and the Illinois delegation, whom he said Mr Smith had assailed.

Mr Smith denied that he had ever departed from any principle of the democratic party, as Mr Marshall had done.

Mr Marshall replied that what he did in the Kansas and other questions was dictated by his own conscience. He had never, like Mr Smith, set up to read men out of the democratic party.

Mr Morris of Ill. said that Mr Smith's object was to assail and asperse the reputation of Mr Douglas, whose shoes Mr Smith was unworthy to unloose.

Mr Smith—I will not stand such offensive language.

Mr Morris—Just as you please.

The Chairman—Mr Bocock—reminded Mr Morris that personal remarks could not be indulged in.

Mr Morris resumed, proving an affidavit from a constituent who was present at a certain convention in Mr Morris's room at the commencement of the session, to show that Mr Smith had made an untrue statement concerning it. He charged Mr Smith with having been elected on a Know Nothing ticket, and offered to produce evidence of the fact. This was the man who undertook to read Governor Wise, Judge Douglas, and other democrats out of the party.

Mr Smith wished to reply, but various objections were made.

Mr Stanton of Ohio said Mr Smith had already occupied an hour. This subject ought not to have been introduced here to-day. The House ought to proceed to business.

The Indian deficiency appropriation bill was then considered, and laid aside to be reported to the House.

The committee then took up the bill making appropriations for the support of the three regiments of volunteers.

Mr Jones of Pa said that one of them is needed in any event for the protection of the frontier of Texas. He had kept back this bill till now in order if possible to get information from Utah in order to justify the executive in dispensing with the other two, but was sorry to assert that no such reliable intelligence had reached Washington.

Mr Cochrane of New York gave notice that he would at the earliest opportunity press the river and harbor bill.

Mr Jones of Pa, in response to a question from Mr Gilman of Maine, said he was satisfied, though there was no official information of the fact, that Col. Kane made a proposition to give Cummings, who had gone to Utah for the purpose of hearing what Brigham Young had to say, some troops. From that time no intelligence had reached Washington.

An amendment was made that if one or both of the regiments for Utah or the frontier service be dispensed with, the money appropriated for them shall revert to the treasury.

The bill was then reported to the House.

The House went into committee of the whole on the state of the Union, and took up the $15,000,000 loan bill.

A general debate followed.

Mr Shaw of N. C and Mr Gilman of Maine, severally spoke to their respective positions on the Kansas bill. The former reiterated and the latter denied that Mr Giddings and other republicans congratulated Mr Gilman on his speech.

Mr Stephens of Ga. advocated the payment of the debt of Oregon and Washington territories.

Mr Andrews of N Y arraigned the administration for extravagance.

Mr Hatch of N Y advocated a liberal policy towards rivers and harbors, stating that appropriations had been made under democratic administrations for this purpose.

Mr Godwin of N Y made a speech in favor of the improvement of the harbors of the north-western lakes.

Several speeches were then made on other subjects, when only seven members being present, the House adjourned.

From Washington.

WASHINGTON, 31st.

Some official information has been received here that the governments of Nicaragua and Costa Rica had ratified a treaty for the settlement of all their difficulties, including the boundary question. The Presidents of the two countries had met at Rivas to arrange the preliminaries.

The governments of Nicaragua, Costa Rica and San Salvador have also entered into a treaty of commerce, amity and defense, and it was supposed that Honduras and Guatemala would join the alliance.

Letters from Bogota induce the belief that the Cass-Herran treaty will become a law in the original form, and be forwarded either by the next steamer.

The response of the President to the resolution of the House, calling for information respecting the outrages of the British cruisers, is similar to that sent to the Senate, with a few additions or verifications of the visitation. It appears that when there is no newspaper or other tangible reports of such cases, the State Department immediately writes to the Collector of Customs most likely to procure reliable information, for a sworn statement of the facts.

In the Senate to-day, Mr King offered a resolution, which passed, directing the Committee on Commerce to enquire into the guano trafic between citizens of the United States and Peru, during the recent Revolution in Peru.

From Kansas.

ST. LOUIS, 31st.

The Republican learns that Gov. Stewart has sent ten persons to Bates and Cass counties to ascertain the extent of the troubles there, and whether it will be necessary to call out the militia to protect the border counties from Capt Montgomery's band of robbers.

The Kansas correspondent of the Democrat gives many rumored and conflicting accounts of the recent troubles in the southern part of that territory. It was stated that some 200 settlers were organized near Sugar Mound, and that a still larger party of Missourians were encamped a short distance from them, and it was thought a battle would ensue.—Gov. Denver has commissioned sheriff Samuel Walker to proceed to the scene of the disturbance, and report to him when it is thought that active measures should be taken to restore order. The latest news from Ossawattomie states that that place was threatened by 300 Missourians, and that messengers had been despatched to Lawrence for arms.

It appears from correspondence emanating from the head quarters of the Kansas militia, and published in the Lawrence Republican, that captains Montgomery and Payne were deprived of their commissions on the 18th of February.

It was rumored that Crockett's party were besieged in fort Scott by the free state men, who are waiting reinforcements to take the place by storm.

Various Items.

NEW YORK, 31st.

The Evening Post understands that Gen Houston, immediately after the adjournment of Congress, contemplates an expedition into Mexico with a company of 4000 or 5000 men for the purpose of cutting off another slice of territory, and bringing it into the Union.

Officers to-day made a seizure of the Crystal Palace, in behalf of the city, for arrears of ground rent.

QUEBEC, 31st.

Steamer Indian had not arrived off River du Loupe at 8 o'clock this evening.

SANDY HOOK, 31st, 10 P. M.

There are no signs of the steamers Hammonia or North Star from this Point. The former left Southampton on the 18th, and the latter on the 19th. Wind, south and fresh—very dark.

New York Markets.

NEW YORK, May 31.

Flour—State and Western 5 cents lower—Superfine State 3,75 a 3,85; extra State 3,90 a 4,05; round Hoop Ohio 4,35 a 4,45; common to good extra western 3,90 a 4,35. Southern dull and declining—Mixed to good 4,35 a 4,70; fancy and extra 4,75 a 6,00. Canada—super, nominal; extra 4,50 a 5,40.

Assignees' Sale.

AT AUCTION.

THE undersigned, Assignees of Albert Emerson, will sell at Public Auction, at the Auction Room of R. S. Prescott, No. 12 Central Street, Bangor, on THURSDAY, the 10th day of June next, at 10 o'clock in the forenoon, for the benefit of the creditors, all the estate of said Emerson, real and personal, remaining unsold, assigned to them, consisting of the following parcels of property, viz:

New, superior modern built House and Stable, with lot, on Lincoln street, Bangor.

Brick double tenement House, on Lincoln-st., known as the Taylor house.

House and lot, nearly new, on Davis st, known as the Wheeler house.

Eight house Lots on Lime street.

Two Brick Stores, and lot, Mill street, Orono.

One double tenement House, and lot, adjoining said Stores.

One eigh Brig James Crosby.

Lot Lumber.

Lot demands.

The above sale will be made on favorable terms of payment, to be made known at the time and place of sale. The houses offered are all of them in good repair, and pleasantly situated, and the whole property offers a good opportunity for such as wish to purchase for their own use, or for investment. The sale is made to close the assignment, and will be positive and without reserve.

Any information respecting the property will be given on application to either of the undersigned.

ALBERT W. PAINE,
THOMAS W. BALDWIN,
Assignees.

R. S. PRESCOTT, Auctioneer.

Bangor, May 2?, 1858.

City of Bangor.

PUBLIC NOTICE.—Notice is hereby given to the Inhabitants of the City of Bangor, qualified to vote for State officers, that warrants have been issued to H. B. Farnham, a Constable of said City, to notify the said Inhabitants to assemble at the following places in the respective Wards in said City, on MONDAY, the seventh day of June, 1858, at 9 o'clock A. M., to act upon the following articles, viz:

To give in their votes in relation to an Act entitled "An Act to restrain and regulate the sale of intoxicating liquors, and to prohibit and suppress drinking houses and tippling shops," approved April 7th, 1856; and also in relation to an Act entitled "an Act for the suppression of Drinking Houses and Tippling Shops," approved March 25, 1858.

Those in favor of the Act approved April 7, 1856, to give in their ballots with the words, "License Law of 1856," written or printed thereon; and those in favor of the Act approved March 25, 1858, to give in their ballots with the words, "Prohibitory Law of 1858," written or printed thereon.

Ward One will meet at the school-house, corner of York and Essex streets, in said Ward.

Ward Two will meet at the City Hall in said Ward.

Ward Three will meet at the school-house on Union street, near Third street, in said Ward.

Ward Four will meet at the school-house on Bower street, in said Ward.

Ward Five will meet at the school-house on Pine street, in said Ward.

Ward Six will meet at the Westerly school-house on Cumberland street, in said Ward.

Ward Seven will meet at the school-house on Pearl street, in said Ward.

Notice is also given that the Board of Aldermen will be in session at the Aldermen's Room, in the City Hall in said City, on the 3th, 4th and 5th days of June next, from 9 o'clock A. M. to 1 o'clock P. M., to correct the lists of said voters.

Notice is likewise given that a quorum of the Board of Aldermen will be in session at the Aldermen's Room from 9 o'clock A. M. to 1 P. M., on the day of election, for the purpose of granting certificates to such legal voters as are not registered upon the Ward lists.

Warrants calling said meetings are posted up at the several places of meeting.

Per order. GEO. W. SNOW, City Clerk.

BANGOR DAILY WHIG AND COURIER

STEAMERS.

SUMMER ARRANGEMENT.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between *New York* and *Portland*, as follows:

Leaves Brown's Wharf, Portland, every SATURDAY, at 4 P. M., and, returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

This vessel has just been fitted up with fine accommodations for Passengers, making this the most speedy, safe and comfortable route for travellers between New York and Maine.

PASSAGE $5,00—including Fare and State Rooms.

☞ Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport and St. John. Also, connects with steamers for Baltimore. Goods taken through with despatch, at the cheapest rates.

For freight or passage apply to

EMERY & FOX, Brown's Wharf, Portland. — H. B. CROMWELL, Pier 12 N. River, New York.

Portland, April. 2, 1858

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via. Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies in this city. C. L. BARTLETT, Agent, No. 16 Broad Street, Boston.

August 1, 1857 1y

Portland to Boston.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo. Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin, $1,25
Fare on Deck, 1,00

Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

June 12, 1857 dtf — L. BILLINGS, Agent.

ADDRESS

To the People of the United States.

The Human System is infested with three distinct kinds of

WORMS,

Namely—The Tape Worm, the Round or Stomach Worm, and the Seat, or Pin Worm,

each having their peculiar action upon the system, in accordance with the abundance that may be lodged either in the stomach, intestines, or rectum, or the places they may inhabit.

"WHAT SHALL I TAKE?"

Why, purchase a 25 cent Bottle of

HOBENSACK'S

WORM SYRUP,

For, by using it according to the directions, you can cure yourself and children of

WORMS!

It is certain to cure you, as that you are conscious of your own existence; and if you are suffering after reading this pamphlet you must attach your leading a miserable existence to your own carelessness; for if any of the symptoms laid down in the pamphlet are visible, or felt, you need no longer doubt, but become satisfied that Worms are the cause of all your suffering. To you, then, I confidently recommend the use of my

WORM SYRUP.

From the knowledge of the powerful vegetable ingredients of which it is composed, together with the numerous unlimited Testimonials I am daily receiving from families and others who have been restored to health by a timely use of the

Vegetable Worm Syrup.

"Mother, I cannot take it!"

How often is this said by the many children who are drugged with Castor Oil, Turpentine, and such like nauseous doses by their parents for WORMS, simply because they are led by the ignorant to believe they are CURE-ALLS.

But that difficulty is now obviated by the use of my

WORM SYRUP,

which is compounded in such a manner that I have never known a single case in which they have

REFUSED TO TAKE IT!

as it is made in the form of a Syrup, and palatable to the taste of the most fastidious; and children, rather than refuse to take it, have actually been known to cry for it; so parents will find no difficulty in getting any child to take it—and yet, while it is so pleasant to the taste, it is the

Most Certain and Effectual Medicine

EVER DISCOVERED!

and can be administered to the most *tender infant* with decided benefit.

When BOWEL COMPLAINTS and DIARRHŒA have made them weak and debilitated,

ONE SINGLE DOSE

destroys the venom from the system, many times of the poor suffering children.

J. N. HOBENSACK, Phila., *Proprietor.*

C. W. ATWELL, Deering Block, Market Sqr., Portland, is General wholesale Agent for Maine, to whom all orders should be addressed.

Bangor, April 27, 1858

LINCOLN'S

WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied, by the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

Manufactured by D. C. LINCOLN, Bloomfield, Me.

To Mechanics, Inventors, and Manufacturers.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the 1st of January, 1858, said premiums to be distributed as follows—

For the largest list $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the orders of the successful competitors immediately after the 1st of Jan., 1858.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription to pre-pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates—Five Copies, for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months $28.

For all Clubs of Twenty and over, the yearly subscription is only $1.40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work*, and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in combatting and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

☞ Specimen copies will be sent gratis to any part of the country.

MUNN & CO., Publishers and Patent Agents, 128 Fulton-st, New York.

☞ 500 Agents Wanted

A Homestead for $10.

THIRD DIVISION.

$310,000 WORTH OF FARMS & Building Lots, in the Gold Region of Culpepper County, Va., to be divided among 10,200 subscribers, on the 7th of December, 1857. Subscriptions only *ten dollars* down, or fifteen dollars, one half down, the rest on delivery of the deed. Every subscriber will get a building Lot or a Farm, ranging in value from $10 to $26,000. These FARMS and LOTS are sold so cheap to induce settlements, a sufficient number being reserved, the increase in the value of which will compensate for the apparent low price now asked. Upwards of 1350 Lots are already sold, and a company of settlers, called "the Rappahannock Pioneer Association," is now forming, and will soon commence a settlement. Ample security will be given for the faithful performance of contracts and promises.

☞ Nearly 45,000 acres of land, in different parts of Virginia, now at command, and will be sold to settlers at from $1 up to $500 per acre.—*Unquestionable titles will in all cases be given.*—WOOD CUTTERS, COOPERS, FARMERS, &c., are wanted; and

☞ 500 Agents to obtain subscribers, to whom the most liberal inducements will be given. Some Agents write that they are making $200 per month. For full particulars, subscriptions, agencies, &c., apply to E. BAUDER, Port Royal, Caroline County, Va.

THE HATCH HOUSE,

Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

The subscriber also offers the said stand and Furniture for sale. E. W. PENDLETON.

Camden, July 17, 1857

AMERICAN HOUSE,

BOSTON.

Re-establishment of the old plan of management.

LEWIS RICE, Proprietor, respectfully announces that he has resumed the *old plan* of management, as it existed before the recent alteration. Trial of the European system in *this Hotel*, proves, that although the advantages are great, yet the plan is better adapted for the *smaller class* of hotels.

The accommodations and conveniences of this House are unsurpassed, and the recent improvements and alterations, for the comfort of guests, leave nothing to be desired.

Boston, Sept. 18, 1857. 3m vbp

NEW AND IMPORTANT DISCOVERY IN THE SCIENCE OF MEDICINE.

TRIESEMAR.—None are genuine unless the engravings of the Seals of the Patent Office of England, the Seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna, are fixed upon each wrapper, and around each case.

Sold by Dr. H. A. BARROW—Member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence, No. 157 Prince Street, (few blocks West of Broadway) New York, from 11 o'clock in the morning till 2, and from 4 o'clock till 8 in the evening, (Sundays excepted.)

TRIESEMAR No. 1—Is the remedy of general and local debility, loss of virile power, premature decay, and all the distressing consequences arising from early abuse, &c.; all physical impediments vanish like magic before its influence, thus rendering its use invaluable to those entering the marriage state.

TRIESEMAR No. 2—Entirely eradicates all traces of those disorders which copaiba and cubebs have so long been thought an antidote for to the ruin of the health of a vast portion of the population.

TRIESEMAR No 3—Is the great European remedy for that class of disorders which, unfortunately the English physician treats with mercury to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove.

TRIESEMAR Nos. 1, 2 and 3—are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. *Sold in tin cases and divided in separate doses, as administered* by Valpeau, Lalleman, Roux, Ricord, &c., &c. Price $3 each, or four cases in one for $9, which saves $3; and in 27 cases, whereby there is a saving of $9.

Special arrangements have been made with the various Expresses; the nine-dollar cases of the Triesemar, and the larger sizes, will be forwarded by Dr. Barrow, carriage paid, immediately on receiving a remittance, to any part of the world, securely packed, and addressed according to the instructions of the writer, thus securing to the public genuine European preparations, and effectually protecting them from spurious and pernicious imitations. The three-dollar cases sent as usual, but not free of carriage.

☞ No. 157 Prince-st., (a few blocks west of Broadway) New York.—Jan. 13 1y

American & Foreign Patents,

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837,)

76 State Street, opposite Kilby-st.,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished, by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind, are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents.—There were few, if any, persons acting in that capacity, who had so much business before the Patent office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, Late Commissioner of Patents."

[From the present Commissioner.]

"AUGUST 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON, Com'r of Patents.

Blackwood's Magazine

AND THE

BRITISH REVIEWS.

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz:

1. THE LONDON QUARTERLY (Conservative.)
2. THE EDINBURGH REVIEW (Whig.)
3. THE NORTH BRITISH REVIEW (Free Church.)
4. THE WESTMINSTER REVIEW (Liberal.)
5. BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory and Radical—but politics forms only one feature of their character. As organs of the most profound writers on Science, Literature, Morality and Religion, they stand, as they ever have stood, unrivalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

EARLY COPIES.

The receipt of ADVANCE SHEETS from the British Publishers gives additional value to these Reprints, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

American Safety Paper

Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall-st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Anastatic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by HENRY GLYNN, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 238 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.

For Southern climates it is excellent, and much superior to any other; as the moisture of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 800 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

NEW APPLES, CHEESE, and Family Flour at THO'S J. STEWART'S.

apr30

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor,—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked, through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish three millions, and scatter them broadcast over the earth, in order that the sick every where may have before them the information it contains. Druggists and dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.
